Summary

Artificial Intelligence and Machine Learning undergraduate at Dayananda Sagar College of Engineering with a CGPA of 9.08. Skilled in Python Machine Learning, Data Analytics, and Computer Vision through academic projects and continuous learning. Enthusiastic about solving real-world problems and seeking opportunities to grow as an AI/ML and software development professional.

Technical Skills

Programming Languages: Python, C++, SQL, JavaScript

Tools & Platforms: Git, GitHub, VS Code, Postman, Power BI, Excel, Google Colab

Data Skills: Data Analysis, Data Visualization, API integration, Feature Engineering, Model Evaluation Core

Concepts: Data Structures & Algorithms, Database Management Systems, REST APIs, Object-Oriented Programming, Machine Learning

Projects

Enterprise CRM System (MERN Stack)

- Developed a full-stack Enterprise CRM application using MongoDB, Express.js, React.js, and Node.js (MERN Stack) for managing leads, customers, tasks, reports, and notifications.
- Implemented JWT Authentication, Role-Based Access Control, secure REST APIs, CRUD operations, interactive dashboard analytics, and deployed the application using Vercel, Render, and MongoDB Atlas.

Fake News Detection System (Machine Learning & NLP)

- Developed a machine learning-based fake news detection system using Natural Language Processing (NLP) to classify news as real or fake.
- Applied text preprocessing and classification algorithms to analyze news articles and improve misinformation detection accuracy.

Smart Gait Classification System (Healthcare AI & IoT)

- Developed an AI-powered healthcare system using Python, LSTM, OpenCV, and MPU6050 sensors to classify human gait patterns.
- Implemented real-time gait analysis for early detection of walking abnormalities and rehabilitation support.

Education

Dayananda Sagar College of Engineering

BTech in Mechanical Engineering

2023 - 2027

CGPA- 9.08

S A PU College— Naregal, Karnataka

Physics, Chemistry, Mathematics, biology

2021 - 2021

Percentage- 91.3

Hackathons and Participations

- Secured 1st Place in the NLP Hackathon – LINGUAHACK 2025 conducted by the AI & ML Department, Dayananda Sagar College of Engineering

Certifications

Master Full-Stack Web Development with JavaScript– Udemy
