Summary

Artificial Intelligence and Machine Learning undergraduate at Dayananda Sagar College of Engineering with a CGPA of 9.16. Skilled in Python Machine Learning, Data Analytics, and Computer Vision through academic projects and continuous learning. Enthusiastic about solving real-world problems and seeking opportunities to grow as an AI/ML and software development professional.

Technical Skills

Programming Languages: Python, C++, SQL

Tools & Platforms: Power BI, Excel, Jupyter Notebook, VS Code, Google Colab, Github

Data Skills: Data Analysis, Data Visualization, API integration, Feature Engineering, Model Evaluation

Core Concepts: Machine Learning, Computer Networks, Data Structures, Database Management Systems

Projects

Fake News Detection System (Machine Learning & NLP)

- Developed a machine learning-based fake news detection system using Natural Language Processing (NLP) to classify news as real or fake.
- Applied text preprocessing and classification algorithms to analyze news articles and improve misinformation detection accuracy.

Innovation & Entrepreneurship Activity Dashboard (MERN Stack)

- Developed a full-stack dashboard using MongoDB, Express.js, React.js, and Node.js to manage innovation activities, startup ideas, and events.
- Implemented authentication, CRUD operations, and responsive dashboards for efficient activity tracking and reporting.

Smart Gait Classification System (Healthcare AI & IoT)

- Developed an AI-powered healthcare system using Python, LSTM, OpenCV, and MPU6050 sensors to classify human gait patterns.
- Implemented real-time gait analysis for early detection of walking abnormalities and rehabilitation support.

Education

Dayananda Sagar College of Engineering

BTech in Mechanical Engineering

2023 - 2027

CGPA- 9.16

S A PU College— Naregal, Karnataka

Physics, Chemistry, Mathematics, biology

2021 - 2021

Percentage- 91.3

Hackathons and Participations

- Secured 1st Place in the NLP Hackathon – LINGUAHACK 2025 conducted by the AI & ML Department, Dayananda Sagar College of Engineering

Certifications

Master Full-Stack Web Development with JavaScript– Udemy
